WELCOME BACK

BACK AT IT AGAIN.

Holidays have been over for more than a month now and it's the high time we finally gave you all a fresh and new periodical.
We really hope you'll enjoy it.

Hi

TOP 3 most anticipated movies of 2016/2017

As we all know, school has just started. Now probably most of us are freaking out because of the amount of things we have to do- and because of that I decided to make a little overview of the outcoming 2016/2017 movies. Watching a good comedy or horror, has always been a good way to relax and chill out. But when we look at the amount of movies now available in cinemas we scratch our heads not really knowing which one we should choose to watch. Today I'll help you with that decision, and introduce to you, my 3 favourites from list of the most anticipated outcoming 2016/2017 movies.

„Resident Evil: The Final Chapter”
Friday, January 27, 2017

„Picking up immediately after the events in Resident Evil: Retribution, Alice (Milla Jovovich) is the only survivor of what was meant to be humanity’s final stand against the undead. Now, she must return to where the nightmare began – The Hive in Raccoon City, where the Umbrella Corporation is gathering its forces for a final strike against the only remaining survivors of the apocalypse”- a short plot summary. A lot of movie critics have a high hopes for this one. As it is the last episode of the „Resident Evil” series, all mysteries will be explained, untold things will be told and well... I guess we will see how it turns out. I’m sure it’ll be amazing though, because now, it stands on 4th place of most promising and awaited movies worldwide.

„Star Wars: ROGUE ONE” - December 14, 2016 &
„Star Wars: Episode VIII” Friday, December 15, 2017

Now, I decided to place both of this movies here, because they represent the same saga. „Star Wars: ROGUE ONE” is a completely different story comparing to what we’ve seen so far in Star Wars universe. This story takes place between 3rd and 4th episode of Star Wars saga, and as far as we know, it’s going to be about Rebel spies trying to steal the plans of the imperial Death Star. We won’t see for example Han Solo, or Luke Skywalker, though this episode will include a lot of characters from expanded universe books and comics. And so far, judging by voting pools made online, it stands high on the list of the most awaited movies of 2016. The „Star Wars VIII” though is of course a continuation of the latest „Star Wars VII- The Force Awakens”. The information known about it is very little (if not none), but even with that, it stands high in rankings of most anticipated movies of 2017, currently on 6th place.

„Pirates of the Caribbean- dead man tell no tales”
Friday, May 26. 2017

„Thrust into an all-new adventure, a down-on-his-luck Captain Jack Sparrow finds the winds of ill-fortune blowing even more strongly when deadly ghost pirates led by his old nemesis, the terrifying Captain Salazar (Bardem), escape from the Devil's Triangle, determined to kill every pirate at sea...including him. Captain Jack's only hope of survival lies in seeking out the legendary Trident of Poseidon, a powerful artifact that bestows upon its possessor total control over the seas.”- that is the original plot released by Disney Studios Inc. I'm sure everyone watched the „Pirates of the Caribbean” at least once, and it doesn't really matter which episode it was. What can I say, I expect it to be as amazing as other episodes. Even though not much information about it was released, directors promise it'll provide a lot of good action, and as always- humour. Right now, it stands on 1st place of the most anticipated movies list worldwide.

INTERVIEWS

Learning English – homemade version

Hello. I'm writing an interview for No Name, so I would like to ask you few questions. Is it ok?

Yes, of course.

... But we will use English from now on. Is it still acceptable?

Sure! (laughing)

First month of learning in new school is almost over. How do you like English lessons?

By now I'm very satisfied. It was only a month, but I already feel improvement! I can now speak more fluently, I gained knowledge about grammar... And, of course, a teacher is very friendly and patient.

I'm glad you liked them. But there are many other options for learning English - by yourself. Are you using some of them?

Yes. Listening to music, for example – by understanding lyrics, translating words I didn't know. It's really helping, I can understand more and more songs. It's great exercise.

Yeah, I'm doing it often, too. Any others?

Playing games with people around the globe – doesn't matter from what country you are, everyone will speak English. Small dialogue sometimes becomes really long story told between strangers, making them friends. I've met many people through online gaming, and I'm still having contact with them. Many adults don't see a connection between playing games and learning English, I hope it will change someday.

It will change when we will become adults!

I'm afraid you are right... Anyway, I have last advice for students – watch movies without translations, only with English subtitles. It may seem hard, but after few tries You will understand everything.

I will try it too! I'm sure students will appreciate your advice. I hear that bell is ringing, the break is over.

Thank you for your time, Filip. Goodbye!
You're welcome! Goodbye.

Hey. Can I ask you some questions?

Hi. Of course.

So at the beginning I want to know what do you think about our school? You are there for nearly 4 weeks and we are curious to know your opinion.

I'm really impressed. This school is really awesome. It's been only four weeks but so much happened during this time! I was shocked when I heard how many events the teachers were planning.

What do you think about the projects and events that take place in our school. For example International day of Foreign Languages?

I'm so happy that my school is so versatile. Everyone can find something for themselves. For example - my friend loves France and she was very happy when she discovered that there will be a competition in which she can check her knowledge about French culture. Some of my close friends also took place in another competition -translating songs. Also other events are so interesting and joyful. You should be curious what me and my friends prepared for "hazing".

We are veeeeery curious, we can't wait to see that! Okay, by the way-is there something that you would like to change in this "events program"?

I wouldn't change anything. This school is so cool!

Ok. Thank you for your answers. See you.

Hazing

On Friday 23th in Banach there was a hazing (a welcome party). Senior years prepared for us, freshmen, a great day. I talked with some of my friends what they think of it as a freshmen. Everyone said that they loved it! Of course there were some problems because not everyone agreed with the ideas of challenges that we had done but at the end we had a lot of fun. Seniors made us laugh and they were great as the characters that they played. After this whole thing as a freshmen we knew it will be a great years.

Who should have won?

A few days after the hazing in our High School I conducted an interview with some of new students from the first class.

The first question was: "How was the preparation?"

Maja Szymkowicz from 1D told us:

Our class worked very intensively and jointly. We became a real friends for each other during this time. Before the show we had a little stage-fright but everything went our way.

Then I asked about the opinion of the hazing preparation by the senior year.

The character of Samara was pretty cool. Jury perfectly played their roles and the costumes were very great but in my opinion Mr. Bean was the best. Also the gym was decorated attractively.

~told Ola Zator, from 1D.

What characters of jury were the best in your opinion?

Mr. Bean and Cat Womean were truly the most interesting, Tor was also really great, although he had no beard. Harry Potter and Samara made the best entrance~ told us Szymon Furtak, 1A.

Which class should have won?

Opinions are divided:

-My class should have won because we had the best singer who was Mateusz Kabaciński and also very cool act ~said a student from 1A-Grzegorz Blajer.

-Except our class, 1B had a very interesting act~ said some students from 1C.

In my opinion each class deserved to win but every student was consistent with me- Mrs. Stanisławek, who teaches chemistry, had the best role and she definitely won that competition!
